SCALA

Wall luminaire with indirect light output and additional glare-free direct brightening. Available as single luminaire or strip assembly.

Configuration					
				Silver C3	
				White	
				Made to RAL	

TRIAS-F

TRIAS-F

Wall mounted luminaire designed for deliberately neutral appearance. Indirect light output towards ceiling luminaire. Shaded body to prevent interference with the light within the wall area above the light output.

Wall Luminaire, Indirect

Sheet-metal luminaire body in white or silver C3 powder-coated. Special colours available on request. Satin-frosted silver reflector inside the luminaire. Luminaire equipped for HV halogen lamps or compact fluorescent lamps TC-De/Te with integrated electronic control gear. Prewired ready-to-connect, with heat resistant cable and 3-pole terminal block for through-wiring.

SOFTEC / VAUTEC

Wall mounted luminaire as indirect spotlight. Light output directed by high performance aluminium reflector. Glare-free indirect light. Particularly suitable for illuminating public areas by integrating the reflection ability of ceiling systems. The additional SOFTEC reflector screen allows direct surface illumination through secondary technology.

Wall Luminaire, Indirect

Sheet-metal luminaire housing in satinized white powder-coated or any RAL colour.

Luminaire equipped for double ended HID lamps complete with integrated electronic control gear. Covered by protection glass on the upper side. 3-pole terminal block. Easy wall installation due to accessible mounting plate. Luminaire with aluminium reflector and variable lighting technology.
